GITOQLOK
YOUR QLIK SENSE HANDY TOOL KIT

With over 15 + tools including:

VISUAL DIFF

Enables easy version comparison and merge without browser switching, while also efficiently managing developer app copies for smoother collaboration.

QSDA PRO INTEGRATION

Easy integration with QSDA Pro, creating effortless app testing within the Qlik platform. Conduct inspections from the browser and view results directly in the Qlik UI.

1-CLICK THUMBNAILS

Quickly customize thumbnails by swiftly altering the cover image with just a click, enhancing visual presentation.

QUICK QVD LINKS

Streamline code review by instantly locating Qlik applications generating specific QVD files in the Data Load Editor, saving valuable time.
